

PSTAT 120A: Final Examination Information

Summer 2022, with Ethan Marzban

Exam Date: Thursday, July 28, 2022 from 4 - 7pm PDT

Exam Location: Psychology 1924 [note that this is **not** our usual classroom]

1 Coverage

The final will cover material material from the entire course. This includes not only lectures, but also homeworks and discussion section worksheets.

2 Allowed Materials

- Two 8.5 × 11-inch note sheets, front-and-back, handwritten (written on an iPad is fine so long as it is not typed and so long as it is printed for the final [no electronics, aside from a calculator, will be permitted])
- A calculator (any kind is permitted)
- Writing utensil(s)
- You will **not** need any scratch paper, as some will be provided to you with the exam.
- You also will **not** need a BlueBook; you will be writing answers directly on your exam.

3 Exam Timing

- Please arrive and be seated by 4:00pm; we will begin passing out exams at 4:00pm, but you are not to begin taking the exam until instructed to do so.
- At 4:05, the exam will begin and continue until 6:55pm (for a total of 170 minutes).
- At 6:55pm we will begin collecting the exams; you may leave the final early, but only up to 6:45pm; after 6:45pm nobody will be allowed to leave the examination hall until all exams are collected.

4 Seating

Seating will be assigned; seating assignments will become visible on Gauchospace by 6pm on Wednesday, July 27. If you require a Left-Handed Desk, please fill out [this](#) form by 11:59pm on Tuesday, July 26.

5 Content

The exam will be a mix of multiple choice questions and short-answer questions. Currently I do not know exactly how many of each type will be on the exam, but it is safe to assume that the majority of the exam will be short-answer questions.
